

Create a Region Banner

Clarify the organization of your pages with Oracle Region Banners. Follow the directions illustrated below.

1. Click the Edit Region icon.

2. In the Display Name box: Type the Region Name.

3. Select the Display Region Banner check box.

Region Display Options
Specify display options for the region. For example, enter the width (as a number of pixels or a percentage) and height. The width will never be smaller than the specified width and height to accommodate it.

Display Name	<input type="text" value="Region Name"/>
Width	<input type="text" value="25%"/>
Height	<input type="text"/> pixel(s)
Number of Columns	<input type="text" value="1"/>
Number Of Rows	<input type="text"/>

Red circles with numbers '2' and '3' and arrows point to the 'Display Name' field and the 'Display Region Banner' checkbox, respectively.

4. Click OK.

5. View Page.

Note the *Region Name* with the turquoise background.
